INTRODUCTION

It is important that Councillor’s, as part of their roles and responsibilities participate in professional development by attendance at conferences, seminars and development programs.

Such attendance assists them to be more informed and be better able to fulfil the duties of office.

The intention of this policy is to ensure that Councillors are given the opportunity to participate in professional development and are not financially disadvantaged.

1.11 Legal Representation Costs Indemnification

Purpose

To set out the circumstances under which the Shire will indemnify elected members and employees against legal costs.

Detail

1. Introduction

- a. This policy is designed to protect the interests of Council members and employees (including past members and former employees) where they become involved in civil legal proceedings because of their official functions. In most situations the Shire may assist the individual in meeting reasonable expenses and any liabilities in relation to those proceedings.
- b. In each case it will be necessary to determine whether assistance with legal costs and other liabilities is justified for the good government of the district. This policy applies in that respect.

2. General Principles

- a. The Shire may provide financial assistance to members and employees in connection with the performance of their duties provided that the member or employee has acted reasonably and has not acted illegally, dishonestly, against the interests of the Shire or otherwise in bad faith.
- b. The Shire may provide such assistance in the following types of legal proceedings -
 - (i) proceedings brought by members and employees to enable them to carry out their Shire functions (eg where a member or employee seeks a restraining order against a person using threatening behaviour),
 - (ii) proceedings brought against members or employees [this could be in relation to a decision of Council or an employee which aggrieves another person (eg refusing a development application) or where the conduct of a member or employee in carrying out his or her functions is considered detrimental to the person (eg defending defamation actions)], and
 - (iii) statutory or other inquiries where representation of members or employees is justified.
- c. The Shire will not support any defamation actions seeking the payment of damages to individual elected members or employees in regard to comments or criticisms levelled at their conduct in their respective roles. Members or employees are not precluded, however, from taking their own private action. Further, the Shire may seek its own advice on any aspect relating to such comments and criticisms of relevance to it.
- d. The legal services the subject of assistance under this policy will usually be provided by the Shire's solicitors. Where this is not appropriate for practical reasons or because of a conflict of interest then the service may be provided by other solicitors approved by the Shire.

3. Applications for Financial Assistance

- a. Subject to item (e), decisions as to financial assistance under this policy are to be made by the Council.
- b. A member or employee requesting financial support for legal services under this policy is to make an application in writing, where possible in advance, to the Council via the CEO providing full details of the circumstances of the matter and the legal services required.
- c. An application to the Council is to be accompanied by an assessment of the request and with a recommendation which has been prepared by, or on behalf of, the Chief Executive Officer.
- d. Where there is a need for the provision of urgent legal services before an application can be considered by Council, the Chief Executive Officer may give an authorisation to the value of \$5,000 provided that :
 - (i) the power to make such an authorisation has been delegated to the Chief Executive Officer in writing under Section 5.42 of the *Local Government Act 1995*; and
 - (ii) Where it is the Chief Executive Officer who is seeking urgent financial support for legal services, the Council shall deal with the application.

4. Repayment of Assistance

- a. Any amount recovered by a member or employee in proceedings, whether for costs or damages, will be offset against any moneys paid or payable by the Shire.
- b. Assistance will be withdrawn where the Council determines, upon legal advice, that a person has acted unreasonably, illegally, dishonestly, against the interests of the Shire or otherwise in bad faith; or where information from the person is shown to have been false or misleading.
- c. Where assistance is so withdrawn, the person who obtained financial support is to repay any moneys already provided. The Shire may take action to recover any such moneys in a court of competent jurisdiction.

1.19 Compliance Management Policy

Purpose

The purpose of this policy is to provide a framework that supports the Shire in identifying, applying and monitoring compliance requirements across the Shire’s activities and services.

Policy Statement

The Shire commits to developing and maintaining work processes that support the administration and Elected Members in meeting and maintaining a regime of compliance in accordance with legislation, codes and standards and policies.

Detail

The Chief Executive Officer, employees and Elected Members recognise their individual responsibilities to work cooperatively and proactively within this framework to achieve compliance with:

- Statutory Requirements;
- Industry Codes and Standards; and
- Organisational Standards (Policies and procedures)

All parties must monitor activities, seek out relevant information and report proposals for improvements where non-compliance occurs in order to achieve and maintain a positive culture of compliance.

Fair, consistent and effective approaches are used in the application of the Shire’s compliance management. Non-compliance is managed in graduated measures in accordance with Council’s Code of Conduct.

Compliance management is an agenda item on the executive management team meetings and managers will report on areas of non-compliance and improvements to be undertaken as part of this process.

Corporate compliance reporting to the executive management team is undertaken on a six monthly basis through the Executive Assistant position and reported to the Audit Committee and Council on an annual basis in accordance with the Local Government Act 1995.

The Shire will undertake the compliance audit in accordance Regulation 17 of the Local Government (Audit) Regulations 1996 every two years and the improvement plan from that report will be used to provide continuous improvement in compliance management.

1.21 Gifts – Attendance at Events and Functions

Background

This policy is required under the Local Government Legislation Amendment Act 2019, which has introduced a number of changes to the gift framework and improve transparency within local governments.

This policy provides guidance to Elected Members and employees when an invitation to an event or function, or other hospitality occasion, ticketed or otherwise, is offered free of charge. It does not provide guidance on the acceptance of a tangible gift or travel contribution.

Objectives

The purpose of this policy is to establish guidelines for appropriate disclosure and management of acceptance of invitations to events or functions, or other hospitality occasions, where Elected Members and employees are invited free of charge, whether as part of their official duties as council or Shire representatives or not.

Legislative and Strategic Context

The legislative framework within which this Policy operates and needs to comply is as follows:
Local Government Act 1995 (the Act).

Receipt of Gifts

In accordance with sections 5.87A and 5.87B of the Act, council members and CEOs are required to disclose gifts that are received in their capacity as a council member (or CEO) and –
are valued over \$300; or
are of a cumulative value that exceeds \$300 where the gifts are received from the same donor in a 12-month period.

Local Government (Rules of Conduct) Regulations 2007 (the Regulations)
Department Of Local Government Circular No 11-2019 – New Gifts Framework (See Appendix)

Area of Application

This Policy applies to all Councillors and employees of the Shire of Shark Bay.

Exemptions

This policy does not apply to tangible gifts or money, travel or accommodation. Any contribution to travel, subject to the exceptions in section 5.83 of the Local Government Act 1995, must be disclosed in writing to the CEO within 10 days of receipt of the contribution. Contributions to travel costs, whether financial or otherwise are now incorporated within the definition of gift.

The following situations are specifically excluded where the event ticket (gift) is received from one of the following organisations:

- WALGA (but not LGIS);

- Local Government Professionals Australia (WA);
- Australian Local Government Association;
- A department of the public service;
- A government department of another State, a Territory or the Commonwealth; or
- A local government or regional local government.

The gift is still required to be recorded on the local governments' gift register.

Policy Measures

1. Key Issues/Considerations

In considering whether a benefit such as an invitation to an event or hospitality given to an Elected Member or an employee is a gift for the purposes of the Act and Regulations, the key issues include: Who is a donor, the person who is offering or giving the benefit?

What is the value of the benefit?

Does the Elected Member or employee of the benefit contribute anything of value to the donor in return for the benefit such as formally opening or speaking at the event or presenting prizes/awards?

If so, does the value of that contribution outweigh the value of the benefit? If so, it will not be a gift for the purposes of the Act and Regulations.

2. Perceived or actual conflict of interest

Event attendance may create a perceived or actual conflict of interest, which may preclude council members participating or employees providing advice at a future meeting.

If the amount of an event ticket (gift) is less than \$1,000, and relates to a matter before Council, under section 5.68 of the Act, Council may allow the disclosing council member to participate on the condition that the interest, the council's decision and the reasons for that decision are recorded in the minutes.

If the amount gift is above \$1,000 the council or Chief Executive Officer must apply to the Minister for Local Government for permission to allow the member or employee to participate.

3. Community/local business events

Acceptance of reasonable and modest hospitality by an Elected Member or employee at an unpaid event run by a local community group for local business would not generally be classified as a 'gift' where the contribution by the Elected Member or employee to the event is reasonably considered to outweigh the value of the hospitality.

This is more likely where the Elected Member or employee attends the event in his or her capacity as an Elected Member or employee - preferably where the attendance has been specifically authorised by the Shire, but otherwise where the person is performing his or her functions as an Elected Member or employee.

4. Commercial entertainment events

Any tickets accepted by an Elected Member or employee without payment for any commercial entertainment event, for which a member of the public is required to pay whether sponsored by the Shire or not will generally be classified as a gift for the purposes of the Act and Regulations.

An exception to this is where the Shire President or his / her representative attends the event in an official capacity to perform a civic or presidential function.

Where there is a commercial entertainment event that, in the opinion of the Chief Executive Officer, it is in the interests of the Shire for one or more Elected Members or employees to attend in order to assess and understand first-hand the impacts on the community or business, then one or more tickets for that event will be purchased for the relevant Elected Member or employee by the Shire at full cost.

5. Non-entertainment commercial events

For other commercial (non-entertainment) events, such as a conference or seminar, for which a member of the public is required to pay, where the Chief Executive Officer is of the opinion that it is in the interests of the Shire for one or more Elected Members or employees to attend (such as for their professional development or to undertake a function as an Elected Member or employee), then one or more registrations or other benefits for that event will be purchased for the relevant Elected Member or employee by the Shire at full cost to enable attendance.

If the Shire does not pay for the event, free registration or any other benefit (such as hospitality) given to an Elected Member or employee would be classified as a ‘gift’ unless the contribution of the Elected Member or employee to the event (such as by way of a paper or speaking engagement) is reasonably considered to outweigh the value of registration or other benefit given to the Elected Member or employee.

6. Gifts received through event sponsorship

Any tickets received through the local government’s sponsorship of an event by Elected Members or employees, are to be considered by Council as to how and who they are to be disbursed to prior to the event.

1.24 Complaints Management

Policy Objectives

The purpose of this policy is to establish the Shire of Shark Bay's (the Shire) position about the approach to be taken in resolving customer complaints.

The Shire will endeavour to ensure that it is simple and convenient for any person who feels aggrieved to make a complaint. All complaints received will be treated with courtesy and respect, appropriately investigated and responded to in a timely manner.

Definitions:

A complaint is:

"expression of dissatisfaction made to or about an organisation, related to its products, services, staff or the handling of a complaint, where a response or resolution is explicitly or implicitly expected or legally required" (as defined by the AS/NZS 10002-2014 Guidelines for Complaint Management in Organisations).

A complaint is not:

- a first request for action or a service;
- a request for information or explanation of Shire policies, practices or processes;
- compliance enforcement action;
- the lodging of an appeal in accordance with procedures prescribed by statute or regulation or Shire policy;
- a petition; or
- a civil dispute between private parties.

Scope

This policy applies to all Elected Members, staff and contractors engaged to provide services to the Shire or on behalf of the Shire.

Policy Statement

Making a complaint

Complaints can be lodged via the complainant's preferred channel, such as phone, email, in person, or the online Feedback form on the Shire's website.

Relevant information needs to be provided to the Shire in order for the complaint to be investigated and responded to properly. At a minimum the complainant needs to provide their name, contact details, what the complaint is about and when and where the issue has occurred.

Complaint management principles

- a) Anyone who is dissatisfied about a Shire service or product can easily and simply make a complaint.
- b) Complaints can be made without fear of retribution.
- c) Complaints will be responded to in a timely manner.
- d) Complaints will be managed in a fair, objective, equitable and consistent manner.
- e) The confidentiality and privacy of complainants will be protected.
- f) Ensure the application of natural justice.
- g) Regularly analyse complaints data to improve the Shire's service delivery where possible.

Timeliness

All complaints received will be processed within a timely manner.

- a) Complaints will be responded to within 10 working days.
- b) Complainants will be notified if their complaint cannot be resolved within 10 working days, with the reasons why and the expected time frames.

Risk

Risk factors of each complaint will be considered when managing complaints and priority will be given to complaints with high risks. The risk factors may include but are not limited to:

- a) public safety implications;
- b) seriousness and severity of the matter;
- c) frequency of occurrence; or
- d) the need for immediate attention.

Confidentiality

The Shire respects the privacy of its customers and key stakeholders. Personal identifiable information related to a complaint will be kept confidential and only used for the purposes of addressing the complaint and any follow up actions within the organisation.

The Shire will only disclose customer and stakeholder information to third parties in the following circumstances:

- a) with the consent of the customer or stakeholder, expressed or implied;
- b) as required by law; or
- c) in order to complete the purpose or function for which the information was provided.

Recording of complaints

The Shire will collect and register all relevant information in relation to customer complaints within the Shire's business systems.

Particular cases

- a) Anonymous Complaints

Anonymous complaints shall only be considered and to the extent that they involve safety or security issues. Otherwise anonymous complaints shall be disregarded.

b) Complaints made on behalf of others

The customer is able to nominate another person to make a complaint on their behalf. The Shire may require the person affected to provide written confirmation for another person to act on their behalf.

c) Complaints about Councillors

If a complaint concerns an Elected Member it should be referred in the first instance to the Chief Executive Officer for appropriate directions and/or action.

d) Allegations of Serious Misconduct

Allegations concerning criminal, corrupt or serious improper conduct will be dealt with independently of the Complaint Handling process.

In the first instance they will be referred directly to the Chief Executive Officer for determination including whether there are reasonable grounds for notification to the Anti-Corruption Commission or referral to the Police.

e) Unreasonable complainant conduct (UCC)

According to Ombudsman Western Australia, UCC tends to fall into the following three broad groupings.

i. Habitual or obsessive conduct.

This includes behaviour by a person who:

- cannot 'let go' of their complaint;
- Cannot be satisfied despite the best efforts of the agency; and
- makes unreasonable demands on the agency where resources are substantially and unreasonably diverted away from its other functions or unfairly allocated (compared to other customers);

ii. Rude, angry and harassing conduct.

iii. Aggressive conduct.

The Shire may manage the UCC by placing a reasonable and proportionate limitation on one or more of the following:

- the subject matter of communications, such as where the Shire believes that a specific issue has been adequately addressed;
- the timing of communications, including time of day, and frequency and/or duration of contact with the Shire;
- access, such as restricting or prohibiting entry to Shire premises;
- the forms in which the complainant may contact the Shire, such as for contact may only be in writing, and all emails to be via the Feedback team email; and
- any other limitation which is reasonable and appropriate and satisfies legislative requirements.

The decision to manage a customer's communication as UCC will be made by the Chief Executive Officer (or their delegate) and the customer will be informed.

f) Freedom of Information

The Shire will assist the public to obtain access to documents held by the Shire in accordance with the Western Australian Freedom of Information Act 1992 (FOI Act).

For more information please refer to the Freedom of Information section on the Shire's website.

Resolving the complaint

The Shire will investigate and resolve a complaint in an efficient manner. The decision made or action taken regarding the complaint will be communicated to the customer as soon as the investigation is completed.

Reviewing the complaint

a) Internal independent review of the complaint

i. When the customer is not satisfied with how the complaint is resolved in the first instance, they can apply for an internal review of the complaint. The review will be undertaken by the Chief Executive Officer.

The Chief Executive Officer will examine how the decision was reached, taking into account all relevant information, and provide to the customer a reviewed outcome.

b) External review

Not all complaints can be resolved to the satisfaction of the customer. If the customer is not satisfied with how the Shire deals with the complaint, they can escalate the matter to the Western Australia Ombudsman’s Office, Public Sector Commission or Department of Local Government and Communities.

The Shire shall work cooperatively with these external agencies as appropriate to assist in the resolution of external review.

- (a) All relevant Total Costs of Ownership (TCO) and benefits including; transaction costs associated with acquisition, delivery, distribution, and other costs such as, but not limited to; holding costs, consumables, deployment, training, maintenance and disposal;
 - (b) The technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality. This includes but is not limited to an assessment of compliances, the supplier's resource availability, capacity and capability, value-adds offered, warranties, guarantees, repair and replacement policies and response times, ease of inspection and maintenance, ease of after sales service, ease of communications, etc.
 - (c) The supplier's financial viability and capacity to supply without the risk of default, including the competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history;
 - (d) A strong element of competition by obtaining a sufficient number of competitive quotations consistent with this Policy, where practicable;

 - (f) The environmental, economic and social benefits arising from the goods, services or works required, including consideration of these benefits in regard to the supplier's operations, in accordance with this Policy and any other relevant Shire of Shark Bay Policy including Local Economic Benefit; and
-

1.4 PURCHASING THRESHOLDS AND PRACTICES

1.4.1 Defining the Purchasing Value

The Shire of Shark Bay will apply reasonable and consistent methodologies to assess and determine Purchasing Values, which ensure:

- (a) The appropriate purchasing threshold and practice is applied in all purchasing activities; and
- (b) Wherever possible, purchasing activity for the same category of supply is aggregated into single contract arrangements to achieve best value and efficiency in future purchasing activities where the requirements are able to be provided by a single supplier.

A **category of supply** can be defined as groupings of similar goods or services with common: supply and demand drivers; market characteristics; or suppliers.

1. Strategic Purchasing Value Assessments

The Shire of Shark Bay will periodically review recent past purchasing activity across its operations to identify categories of supply for which the Shire of Shark Bay will have continuing need and which can be aggregated into single contract arrangements in order to achieve best value for money and efficiency in future purchasing activity.

The assessment of aggregated expenditure for the same category of supply capable of being supplied by a single supplier will determine the Purchasing Value threshold applicable to future purchasing activity.

2. Individual Purchasing Value Assessments

In any case, where there is no relevant current contract, each purchasing activity is to assess the Purchasing Value based upon the following considerations:

- (a) Exclusive of Goods and Services Tax (GST); and
- (b) The estimated total expenditure for the proposed supply including the value of all contract extension options and where applicable, the total cost of ownership considerations.
- (c) The appropriate length of a contract is to be determined based on market volatility, ongoing nature of supply, historical purchasing evidence and estimated future purchasing requirements.
- (d) Requirements must not be split to avoid purchasing or tendering thresholds [F&G Reg. 12].

The calculated estimated Purchasing Value will determine the applicable threshold and purchasing practice to be undertaken.

1.4.2 Table of Purchasing Thresholds and Practices

(1) Supplier Order of Priority

The Shire of Shark Bay will consider and apply, where applicable, the following Supplier Order of Priority:

Priority 1:	<p>Existing Prequalified Supplier Panel or other Contract Current contracts, including a Panel of Prequalified Suppliers or contracted supplier, must be used where the Shire of Shark Bay's supply requirements can be met through the existing contract.</p> <p>If the Shire of Shark Bay does not have a current contract relevant to the required supply, then a relevant WALGA PSA is to be used.</p>
Priority 2:	<p>Local Suppliers Where the Purchasing Value does not exceed the tender threshold and a relevant local supplier is capable of providing the required supply, the Shire of Shark Bay will ensure that wherever possible quotations are obtained from local suppliers permanently located within the District as a first priority, and those permanently located within surrounding Districts as the second priority.</p> <p>If no relevant local supplier is available, then a relevant WALGA PSA may be used.</p>
Priority 3:	<p>Tender Exempt - WALGA Preferred Supplier Arrangement (PSA) Use a relevant WALGA PSA regardless of whether or not the Purchasing Value will exceed the tender threshold.</p> <p>However, if a relevant PSA exists but an alternative supplier is considered to provide best value, then the CEO, or an officer authorised by the CEO, must approve the alternative supplier. Reasons for not using a PSA may include:</p> <ol style="list-style-type: none"> i. Local supplier availability (that are not within the PSA); or, ii. Social procurement – preference to use Aboriginal business or Disability Enterprise. <p>If no relevant WALGA PSA is available, then a relevant State Government CUA may be used.</p>
Priority 4:	<p>Tender Exempt - WA State Government Common Use Arrangement (CUA) Use a relevant CUA regardless of whether or not the Purchasing Value will exceed the tender threshold.</p> <p>However, if a relevant CUA exists, but an alternative supplier is considered to provide best value for money, then the proposed alternative supplier must be approved by the CEO, or an officer authorised by the CEO.</p> <p>If no relevant CUA is available, then a Tender Exempt [<i>F&G Reg.11(2)</i>] arrangement may be used.</p>
Priority 5:	<p>Other Tender Exempt arrangement [<i>F&G Reg. 11(2)</i>] Regardless of whether or not the Purchasing Value will exceed the tender threshold, the Shire of Shark Bay will investigate and seek quotations from tender exempt suppliers, and will specifically ensure that wherever possible quotations are obtained from a WA Disability Enterprise and / or an Aboriginal Owned Business that is capable of providing the required supply.</p>
Priority 6:	<p>Other Suppliers Where there is no relevant existing contract or tender exempt arrangement available, purchasing activity from any other supplier is to be in accordance</p>

	with relevant Purchasing Value Threshold and Purchasing Practice specified in the table below.

Purchase Value Threshold <i>(ex GST)</i>	Purchasing Practice
<p>From \$150,001 and up to \$250,000 <i>(ex GST)</i></p>	<p>Seek at least three (3) written responses from suppliers by invitation under a formal Request for Quotation in accordance with the Supplier Order of Priority detailed in clause 1.4.2(1).</p> <p>The purchasing decision is to be based upon assessment of the suppliers response to:</p> <ul style="list-style-type: none"> • a detailed written specification for the goods, services or works required; and • pre-determined selection criteria that assesses all best and sustainable value considerations. <p>The procurement decision is to be evidenced using the Evaluation Report template retained in accordance with the Shire of Shark Bay's Record Keeping Plan.</p>
<p>Over \$250,000 <i>(ex GST)</i></p>	<p>Tender Exempt arrangements (i.e. WALGA PSA, CUA or other tender exemption under <i>F&G Reg.11(2)</i>) require at least three (3) written responses from suppliers by invitation under a formal Request for Quotation in accordance with the Supplier Order of Priority detailed in clause 1.4.2(1).</p> <p><u>OR</u></p> <p>Public Tender undertaken in accordance with the <i>Local Government Act 1995</i> and relevant Shire of Shark Bay Policy and procedures.</p> <p>The Tender Exempt or Public Tender purchasing decision is to be based on the suppliers response to:</p> <ul style="list-style-type: none"> • A detailed specification; and • Pre-determined selection criteria that assesses all best and sustainable value considerations. <p>The purchasing decision is to be evidenced using the Evaluation Report template retained in accordance with the Shire of Shark Bay's Record Keeping Plan.</p>
<p>Emergency Purchases <i>(Within Budget)</i></p> <p>Refer to Clause 1.4.3</p>	<p>Where goods or services are required for an emergency response and are within scope of an established Panel of Pre-qualified Supplier or existing contract, the emergency supply must be obtained from the Panel or existing contract using relevant unallocated budgeted funds.</p> <p>If there is no existing Panel or contract, then clause 1.4.2(1) Supplier Order of Priority will apply wherever practicable.</p> <p>However, where due to the urgency of the situation; a contracted or tender exempt supplier is unable to provide the emergency supply <u>OR</u> compliance with this Purchasing Policy would cause unreasonable delay, the supply may be obtained from any supplier capable of providing the emergency supply. However, an emergency supply is only to be obtained to the extent necessary to facilitate the urgent emergency response and must be subject to due consideration of best value and sustainable practice.</p>

Purchase Value Threshold (ex GST)	Purchasing Practice
	The rationale for policy non-compliance and the purchasing decision must be evidenced in accordance with the Shire of Shark Bay's Record Keeping Plan.
Emergency Purchases (No budget allocation available) Refer for Clause 1.4.3	Where no relevant budget allocation is available for an emergency purchasing activity then, in accordance with s.6.8 of the <i>Local Government Act 1995</i> , the President must authorise, in writing, the necessary budget adjustment prior to the expense being incurred. The CEO is responsible for ensuring that an authorised emergency expenditure under s.6.8 is reported to the next ordinary Council Meeting. The Purchasing Practices prescribed for Emergency Purchases (within budget) above, then apply.
LGIS Services Section 9.58(6)(b) Local Government Act	The suite of LGIS insurances are established in accordance with s.9.58(6)(b) of the <i>Local Government Act 1995</i> and are provided as part of a mutual, where WALGA Member Local Governments are the owners of LGIS. Therefore, obtaining LGIS insurance services is available as a member-base service and is not defined as a purchasing activity subject to this Policy. Should Council resolve to seek quotations from alternative insurance suppliers, compliance with this Policy is required.

1.4.3 Emergency Purchases

Emergency purchases are defined as the supply of goods or services associated with:

- (a) A local emergency and the expenditure is required (within existing budget allocations) to respond to an imminent risk to public safety, or to protect or make safe property or infrastructure assets; OR
- (b) A local emergency and the expenditure is required (with no relevant available budget allocation) to respond to an imminent risk to public safety, or to protect or make safe property or infrastructure assets in accordance with s.6.8 of the *Local Government Act 1995* and Functions and General Regulation 11(2)(a); OR
- (c) A State of Emergency declared under the *Emergency Management Act 2005* and therefore, Functions and General Regulations 11(2)(aa), (ja) and (3) apply to vary the application of this policy.

Time constraints, administrative omissions and errors do not qualify for definition as an emergency purchase. Instead, every effort must be made to research and anticipate purchasing requirements in advance and to allow sufficient time for planning and scoping proposed purchases and to then obtain quotes or tenders, as applicable.

1.4.4 Inviting Tenders Though not Required to do so

The Shire of Shark Bay may determine to invite Public Tenders, despite the estimated Purchase Value being less than the \$250,000 prescribed tender threshold, but only where an assessment determines that the purchasing requirement cannot be met through a tender

exempt arrangement and the use of a public tender process will enhance; value for money, efficiency, risk mitigation and sustainable procurement benefits.

In such cases, the tender process must comply with the legislative requirements and the Shire of Shark Bay's tendering procedures [F&G Reg.13].

1.4.5 Expressions of Interest

Expressions of Interest (EOI) will be considered as a prerequisite to a tender process [F&G Reg.21] where the required supply evidences one or more of the following criteria:

- (a) Unable to sufficiently scope or specify the requirement;
- (b) There is significant variability for how the requirement may be met;
- (c) There is potential for suppliers to offer unique solutions and / or multiple options for how the purchasing requirement may be obtained, specified, created or delivered;
- (d) Subject to a creative element; or
- (e) Provides a procurement methodology that allows for the assessment of a significant number of potential tenderers leading to a shortlisting process based on non-price assessment.

All EOI processes will be based upon qualitative and other non-price information only.

1.4.6 Unique Nature of Supply (Sole Supplier)

An arrangement with a supplier based on the unique nature of the goods or services required or for any other reason, where it is unlikely that there is more than one potential supplier may only be approved where the:

- (a) purchasing value is estimated to be over \$5,000; and
- (b) purchasing requirement has been documented in a detailed specification; and
- (c) specification has been extensively market tested and only one potential supplier has been identified as being capable of meeting the specified purchase requirement; and
- (d) market testing process and outcomes of supplier assessments have been evidenced in records, inclusive of a rationale for why the supply is determined as unique and why quotations / tenders cannot be sourced through more than one potential supplier.

An arrangement of this nature will only be approved for a period not exceeding one (1) year. For any continuing purchasing requirement, the approval must be re-assessed before expiry, to evidence that only one potential supplier still genuinely exists.

1.4.7 Anti-Avoidance

The Shire of Shark Bay will not conduct multiple purchasing activities with the intent (inadvertent or otherwise) of "splitting" the purchase value or the contract value, so that the effect is to avoid a particular purchasing threshold or the need to call a Public Tender. This includes the creation of two or more contracts or creating multiple purchase order transactions of a similar nature.

1.4.8 Contract Renewals, Extensions and Variations

Where a contract has been entered into as the result of a publicly invited tender process, then *Functions and General Regulation 21A* applies.

For any other contract, the contract must not be varied unless

- (a) The variation is necessary in order for the goods or services to be supplied and does not change the scope of the contract; or
- (b) The variation is a renewal or extension of the term of the contract where the extension or renewal options were included in the original contract.

Upon expiry of the original contract, and after any options for renewal or extension included in the original contract have been exercised, the Shire of Shark Bay is required to review the purchasing requirements and commence a new competitive purchasing process in accordance with this Policy.

2. Sustainable Procurement

The Shire of Shark Bay is committed to implementing sustainable procurement by providing a preference to suppliers that demonstrate sustainable business practices (social advancement, environmental protection and local economic benefits).

The Shire of Shark Bay will apply Sustainable Procurement criteria as part of the value for money assessment to ensure that wherever possible our suppliers demonstrate outcomes which contribute to improved environmental, social and local economic outcomes.

Sustainable Procurement can be demonstrated as being internally focussed (i.e. operational environmental efficiencies or employment opportunities and benefits relating to special needs), or externally focussed (i.e. initiatives such as corporate philanthropy).

Requests for Quotation and Tenders will include a request for Suppliers to provide information regarding their sustainable practices and/or demonstrate that their product or service offers enhanced sustainable benefits.

2.1 LOCAL ECONOMIC BENEFIT

The Shire of Shark Bay promotes economic development through the encouragement of competitive participation in the delivery of goods and services by local suppliers permanently located within its District first, and secondly, those permanently located within its broader region. As much as practicable, the Shire of Shark Bay will:

- (a) consider buying practices, procedures and specifications that encourage the inclusion of local businesses and the employment of local residents;
- (b) consider indirect benefits that have flow on benefits for local suppliers (i.e. servicing and support);
- (c) ensure that procurement plans, and analysis is undertaken prior to develop Requests to understand local business capability and local content availability where components of goods or services may be sourced from within the District for inclusion in selection criteria;
- (d) explore the capability of local businesses to meet requirements and ensure that Requests for Quotation and Tenders are designed to accommodate the capabilities of local businesses;

- (e) avoid bias in the design and specifications for Requests for Quotation and Tenders – all Requests must be structured to encourage local businesses to bid;
- (f) consider the adoption of Key Performance Indicators (KPIs) within contractual documentation that require successful Contractors to increase the number of employees from the District first; and
- (g) provide adequate and consistent information to local suppliers.

To this extent, a weighted qualitative criterion will be included in the selection criteria for Requests for Quotation and Tenders where suppliers are located within the boundaries of the Shire of Shark Bay, or substantially demonstrate a benefit or contribution to the local economy.

The Shire of Shark Bay has adopted a Local Preference Policy, which will be applied when undertaking all purchasing activities.

2.2 SOCIALLY SUSTAINABLE PROCUREMENT

The Shire of Shark Bay will support the purchasing of requirements from socially sustainable suppliers such as Australian Disability Enterprises and Aboriginal businesses wherever a value for money assessment demonstrates benefit towards achieving the Shire of Shark Bay's strategic and operational objectives.

A qualitative weighting will be used in the evaluation of Requests for Quotes and Tenders to provide advantages to socially sustainable suppliers in instances where the below tender exemptions are not exercised.

(1) Aboriginal Businesses

Functions and General Regulation 11(2)(h) provides a tender exemption if the goods or services are supplied by a person on the Aboriginal Business Directory WA published by the Chamber of Commerce and Industry of Western Australia, or Australian Indigenous Minority Supplier Office Limited (trading as Supply Nation), where the consideration under contract is \$250,000 or less, or worth \$250,000 or less.

The Shire of Shark Bay will first consider undertaking a quotation process with other suppliers (which may include other registered Aboriginal Businesses as noted in *F&G Reg. 11(2)(h)*) to determine overall value for money for the Shire of Shark Bay.

Where the Shire of Shark Bay makes a determination to contract directly with an Aboriginal Business for any amount up to and including \$250,000 (ex GST), it must be satisfied through alternative means that the offer truly represents value for money.

If the contract value exceeds \$50,000 (ex GST), a formal Request for Quotation will be issued to the relevant Aboriginal business. The rationale for making the purchasing decision must be recorded in accordance with the Shire of Shark Bay's Record Keeping Plan.

(2) Australian Disability Enterprises

Functions and General Regulation 11(2)(i) provides a tender exemption if the goods or services are supplied by an Australian Disability Enterprise.

The Shire of Shark Bay will first consider undertaking a quotation process with other suppliers (which may include other Australian Disability Enterprises) to determine overall value for money for the Shire of Shark Bay.

Where the Shire of Shark Bay makes a determination to contract directly with an Australian Disability Enterprise for any amount, including an amount over the Tender threshold of \$250,000 (ex GST), it must be satisfied through alternative means that the offer truly represents value for money.

If the contract value exceeds \$50,000 (ex GST), a formal Request for Quotation will be issued to the relevant Aboriginal business. The rationale for making the purchasing decision must be recorded in accordance with the Shire of Shark Bay's Record Keeping Plan.

2.3 ENVIRONMENTALLY SUSTAINABLE PROCUREMENT

The Shire of Shark Bay will support the purchasing of recycled and environmentally sustainable products whenever a value for money assessment demonstrates benefit toward achieving the Shire of Shark Bay's strategic and operational objectives.

Qualitative weighted selection criteria will be used in the evaluation of Requests for Quote and Tenders to provide advantages to suppliers which:

- (a) demonstrate policies and practices that have been implemented by the business as part of its operations;
- (b) generate less waste material by reviewing how supplies, materials and equipment are manufactured, purchased, packaged, delivered, used, and disposed; and
- (c) encourage waste prevention, recycling, market development and use of recycled/recyclable materials.

2. Record Keeping

All Local Government purchasing activity, communications and transactions must be evidenced and retained as local government records in accordance with the *State Records Act 2000* and the Shire of Shark Bay's Record Keeping Plan.

In addition, the Shire of Shark Bay must consider and will include in each contract for the provision of works or services, the contractor's obligations for creating, maintaining and where necessary the transferral of records to the Shire of Shark Bay relevant to the performance of the contract.

4. Purchasing Policy Non-Compliance

The Purchasing Policy is mandated under the *Local Government Act 1995* and Regulation 11A of the *Local Government (Functions and General) Regulations 1996* and therefore the policy forms part of the legislative framework in which the Local Government is required to conduct business.

Where legislative or policy compliance is not reasonably able to be achieved, records must evidence the rationale and decision making processes that substantiate the non-compliance.

Purchasing activities are subject to internal and external financial and performance audits, which examine compliance with legislative requirements and the Shire of Shark Bay's policies and procedures.

If non-compliance with; legislation, this Purchasing Policy or the Code of Conduct, is identified it must be reported to the Chief Executive officer or the Executive Manager of Finance and Administration.

A failure to comply with legislation or policy requirements, including compliance with the Code of Conduct when undertaking purchasing activities, may be subject to investigation, with findings to be considered in context of the responsible person's training, experience, seniority and reasonable expectations for performance of their role.

Where a breach is substantiated it may be treated as:

- (a) an opportunity for additional training to be provided;
- (b) a disciplinary matter, which may or may not be subject to reporting requirements under the *Public Sector Management Act 1994*; or
- (c) where the breach is also identified as potentially serious misconduct, the matter will be reported in accordance with the *Corruption, Crime and Misconduct Act 2003*.

2.8 Local Price Purchasing Preference

Purpose

To support the Shire's economic development by ensuring the Shire of Shark Bay seeks to source a high level and range of goods and services from local suppliers.

Detail

A supplier of goods or services who submits a tender is regarded as being a 'local tenderer' for the purposes of this policy if:

- that supplier has been operating a business continuously out of premises in the Shire for at least 6 months before the time after which further tenders cannot be submitted; or
- some or all of the goods or services are to be supplied from local sources.

The Shire will give a preference to a local tenderer by assessing the tender from that tenderer as if the price bids were reduced by:

- a. up to 10% — where the contract is for goods or services, up to a maximum price reduction of \$50 000; or
- b. up to 5% — where the contract is for construction (building) services, up to a maximum price reduction of \$50 000.

Although goods or services that form a part of a tender submitted by a local tenderer may be:

- a. wholly supplied from regional sources; or
- b. partly supplied from regional sources, and partly supplied from non regional sources,

only those goods or services identified in the tender as being from regional sources may be included in the discounted calculations that form a part of the assessments of a tender.

Notwithstanding the above, price is only one of the factors to be assessed when the Shire decide which of the tenders it thinks would be most advantageous to that local government to accept under regulation 18(4) of the Local Government (Functions and General) Regulations 1996.
