OUR VISION

Corporate Business Planning

All Western Australian local governments are required to prepare a Plan for the Future for their district, comprising of two key strategic documents, being a Strategic Community Plan and Corporate Business Plan, which the local government is required to have regard for when forming their annual budget.

The Strategic Community Plan is Council's principal 10-year strategy and planning tool, guiding the remainder of the Shire's strategic planning. Community engagement is central to the Strategic Community Plan.

Achieving the community's vision and the Shire's strategic objectives requires the development of actions to address each strategy contained within the Strategic Community Plan. Careful operational planning and prioritisation is required to achieve the objectives and desired outcomes due to the limited resources available. This planning process is formalised by the development of our Corporate Business Plan. The Corporate Business Plan then converts the Strategic Community Plan into action through the adoption of an Annual Budget.

Actions requiring funding will only undertaken approved within once the statutory budget and subject to funding availability. Along with achieving the community aspirations and objectives, the Corporate Business Plan draws on information contained within the following strategic documents.

This Corporate Business Plan 2021 - 2025, together with the Strategic Community Plan 2020 - 2030, is the Shire of Shark Bay's Plan for the Future.
